TELSTAR BOMBARDS HALL-DALE 55-6 FOR FOURTH WIN OF YEAR
The Telstar Rebels displayed their most potent offense to date when they blasted the Hall-Dale Bulldogs 55-6 in Mountain Valley Conference action last Saturday.

Peter Blake accounted for four touchdowns while Rex Cummings, Ron Deegan, Wayne Cummings and Danny Luxton each got in on the act by scoring one six pointer each.

Blake opened the scoring on an 11-yard run over five blocks provided by Don Luxton and Freshman Rick Westleigh. The rush for the conversion was halted short of the goal line.

Tom Rosenberg provided the Rebels with two points on a safety when he tackled a Hall-Dale back in the end zone, on the first series of downs following the Telstar TD. Peter Blake ended the scoring in the first period when he broke through the line for three yards to fit paydirt. The rush for the extra points failed.

Blake opened the second period with another score, this time from five yards out. Rex Cummings provided the conversion kick to put the Rebels in front 21-0.

On the next series of downs a Ron Deegan to Rex Cummings pass covering 21 yards accounted for another TD. Rex Cummings' conversion kick was good for the extra point. Hall-Dale broke the ice in the second period when the Bulldogs pulled

off a 73 yard screen pass that ended in six points for the visitors. The try for the extra points failed.

The Rebels next score came when cornerback Ron Deegan picked off a Hall-Dale pass and raced with the ball 57 yards to paydirt. Rex Cummings booted the extra point.

Wayne Cummings got in on things when he swept his right end for 10 yards and a touchdown. Dana Melville kicked the conversion.

Peter Blake scored again in the final period when he received a hand off from quarterback Kevin Trimward and ran 15 yards around his right end to score. The attempted conversion kick was blocked.

During the final minutes of the game senior defensive tackle and captain, Danny Luxton gathered in a Hall-Dale fumble and sprinted 95 yards down his left side line to score. Dana Melville kicked the extra point.

Both the offensive and defensive units for the Rebels were outstanding.

The Rebels will face the Jay High Tigers at Telstar in a 1:30 contest this Saturday. Jay is currently supporting a 5-2 Conference record while the Rebels are 4-0-1.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

We have been notified unofficially by the Office of Economic Opportunity that we have been approved through the Emergency Unemployment Program, for three police officers. This is the program which pays 90% of the cost and the town pays the other 10%. Our 10% can be made up of training, equipment furnished and administration. The people hired must be unemployed or underemployed. Veterans and older people have preference.

Tar has been applied to the section of Grover Hill recently constructed. We had not planned to do any more tarring this year but due to the material we had to use on the construction and the cost involved, we found it would be impractical to leave it until next year. We had to haul surface gravel from West Bethel as there was no satisfactory material in the area. This is very costly considering the distance and we could not afford to lose any of it during the winter.

GIRL SCOUT FUND CAMPAIGN OPENS THIS WEEK

The Kennebec Girl Scout Council announces the opening of their fund campaign which continues through the end of October. This year it will include Bryant Pond and Locke Mills, as well as Bethel.

As one of the few organized activities offered to girls of the area, scouting plays an important part in their young lives. Our girls have the opportunity to participate in a wide variety of activities supported by the Kennebec Girl Scout Council which stresses service to the community and fun, such as: clean-up day, safety projects, Christmas carding, day camps, and resident camps. An increasing number of children are becoming interested in scouting, as evidenced by the increase of troops from three to five this year in the Bethel area alone.

We should be proud of the program which dedicated women have worked to improve over the past years. Through the Council, our leaders are helped to be more effective in their girl scout jobs through formal training sessions. It is hoped that as parents and friends of Girl Scouts, you will generously support our cause.

The women who will be calling on you this year are:

Mrs. Donald Feecey, Upper Main St.; Mrs. Robert Gerardi, Lower Main and Clark Sts.; Mrs. Lawrence Davis, Mechanic St.; Mrs. Brian Flynn, Paradise St. and Evergreen Rd.; Mrs. Colwyn Haskell, Paradise St. and Eden Lane.

MEMORIAL SERVICE HELD FOR HARRY E. MASON LAST FRIDAY MORNING

A memorial service for Harry E. Mason was held at Bingham Hall on the Gould Academy campus last Friday morning. Mr. Mason passed away on Sept. 5, at the age of 103 years.

The program for the service was as follows: Prelude, E. Ward Steady; Invocation, Richard J. Dolven; Hymn, "Rejoice Ye Pure in Heart"; Prayer, Mr. Dolven; Solo, "O Lord of Life, Where'er They Be," Mrs. Dexter M. Stowell; Eulogy, Hymn, "Battle Hymn of the Republic"; Benediction, Mr. Dolven; Postlude, Mr. Steady.

The eulogy was prepared by Sidney W. Davidson of New York City, president emeritus and trustee emeritus of Gould Academy, and delivered in his absence by Robert D. Hastings, senior trustee of Gould.

The eulogy traced the changes in Bethel during Mr. Mason's lifetime, occasioned by the coming of the railroad a score of years prior to his birth, and the advent of electricity, the telephone and the automobile around the turn of the century. These conveniences had a great impact on the area whose economy was based largely on agriculture and lumbering.

A graduate of Gould Academy in 1867, Mr. Mason went on to business success in the Portland area, and later in Boston and New York. He served as a member of the Gould board of trustees from 1939 until 1953, and continued as trustee emeritus until his death.

To quote a passage from the eulogy: "Harry was keenly interested in the day-to-day news not only of world affairs but of things that were happening in Bethel, and in the particular world around his friends. He was always concerned about changes and developments and situations as they affected other people."

Space limitations necessitated omission of several photographs and articles from this week's edition of the "Citizen". It is hoped that these may be published next week.

AROUND THE HOUSE

An old toothbrush is great for cleaning out a built-in soap dish. When you're done, you can scrub the family's combs with the soapy toothbrush.

To keep your broom closet cleaner, set a metal tray or cookie sheet on the floor to hold the dust mop.

You can "iron" out dents in carpets and rugs made by furniture legs! Hold a steam iron a few inches above the depression and let steam for a few minutes. Then brush up the nap.

Make a good-looking storage or toy box covering a large, sturdy cardboard carton with patterned self-adhesive plastic. Try to use a carton which is cut open in such a way that the top forms a one-piece lid.

GREENWOOD CITY

Mrs. Collette Morgan, Corres.
October holds high excitement for it means magnificence of color which is as predictable as the coming of the sun. The sun's bed of coals is now in full flame along the old walls and fields.

I have viewed its glory from many places this week. One was with three friends on an old unused road which led back to a long ago home in a sweet secret corner of the world.

"For around the bend in country road
May be fun and joy and laughter;
But once on the Parkway — only cars —
Beside, before and after!"

Ruby Searway
The old New England walls were in many places. They were broad at the base where stones had been carefully selected and placed at just the right angles, tapering toward the top, smooth and neat in front, rough and rugged in back. Over these many years no frost or storm has undermined them.

Surrounding the cellar wall which, too, firmly stands were trees with branches heavy with apples. In the center stood a huge cherry tree while beneath were pans and dishes of another age.

Exploring in another direction we looked into the deep parts of spruce toward the crest of ridges where clusters of brilliant red maple leaves were hanging on like bits of forest fire. Once in a while I saw a dead leaf that never completed its journey to the ground but rather was impaled upon a twig and away with the motion of the tree.

We gathered ferns and leaves to press on our return — just single their stems and press between papers in a book, and they will not shatter.

Doing these things gave us a greater comprehension of our relationship with nature, a feeling of being a part of it, the ability to judge the true value of things, and

Mr. and Mrs. Roland Tyler in Dixfield Saturday to attend the homecoming party for David Merrill and John Wilson.

Mr. and Mrs. John Foster and Denise of Andover; Mr. and Mrs. George Lute of Phillipsburg, Pa., were week end visitors of Mr. and Mrs. David Foster.

Mr. and Mrs. George Lute are at their camp on North Pond for a week.

David and Albert Foster visited Mr. and Mrs. Albert Skillings in Bethel.

Mrs. Roland Tyler of Dixfield and Mrs. Richard Cox were dinner guests of Mr. and Mrs. David Foster Monday and helped pick up potatoes

a greater ability to derive pleasure from our natural surroundings.

It became cloudy and the hum of the cricket could be heard from the roadides.

I picked a goldenrod with an elongated swelling, a gall. These are caused by an attractive spotted-winged fly (if a fly can be attractive) about the size of a housefly. Galls are found on many plants and trees.

The crow, a Ph.D. with feathers, has been conspicuous this week, too. He has many sides to his personality.

The downy milkweed has burst its pods along the roads and the for many years here called on monarch butterfly which emerged from the chrysalis stage in this

plant accompanied me along the road, a hiker, it made it

self at home on my coat sleeve for some distance. Then it took its merry way across the field, as colorful as a day lily. It should migrate soon. Why, is still a mystery.

So this week I
"Saw amber sunshine drop and spill
On frosty leaf and flaming hill,
God's masterpiece in red and gold
More beauty than my heart could hold."

Ruby Searway
Mrs. J. R. Pearson of Amesbury, Mass., an old friend and neighbor for many years here called on friends on Saturday. It was a surprise visit but we were much

pleased to see her again. Her daughter and sister were with her.

Doris Hayes entertained at a painting party on Thursday evening. Several people from here attended Fryeburg fair this week.

Visitors at Mr. and Mrs. Clyde Morgan's this week were Mr. and Mrs. Glenn Straft and daughter, Mechanic Falls, Minnie Buck, West Paris, Lena Pearson, her daughter, Massachusetts and Ella Whitney, Oxford, and Ruth Hastings, South Paris.

Donna Morgan, Bryant Pond and Nancy Horton, New Hampshire, were visitors at Ann Holt's on the week end.

Mr. and Mrs. Norman Millett took

a trip through several of the New England states over the week end. They enjoyed the lovely foliage and visited Sturbridge, Mass.

Visitors this week at the Milkids were: Mrs. Jean Ring and Arnold; Barbara Immonen, Mr. and Mrs. Dale Coffin and sons, Mr. and Mrs. Ellsworth Lawrence, West Paris; Mr. and Mrs. Joe Kallnowski, Portland, Conn.; Lloyd Poland, Big Rapids, Mich.; Harry Poland, Bryant Pond.

Christian Science
What does the life of Christ Jesus
mean to the people in today's
world?

An answer to this question will be
given Sunday at Christian Science
church service in a Bible Lesson
entitled "Doctrine of Atonement."
"God so loved the world, that who-
ever believed in him should not
perish, but have everlasting life,"
a Bible text states.
From "Science and Health with
Key to the Scriptures" by Mary

Baker Eddy, this citation will be
read: "Jesus aided in reconciling
man to God by giving man a truer
sense of Love, the divine Principle
of Jesus' teachings, and this truer
sense of Love redeems man from
the law of matter, sin, and death by
the law of Spirit—the law of di-
vine Love."

Services at First Church of Christ
Scientist, Main and Tenth Sts., Ber-
lin, N. H., are held at 11 a. m. The
public is invited to attend. Children
up to the age of 21 are welcome

**MT. ABRAM FISH & GAME
ASSOCIATION, INC.** — Bethel,
Greenwood, Paris, Wadstock
Attention to the Sportsmen of
Maine:

"This is a critical time for us,"
says Leroy Gardner, President of
the Maine State Fish and Game As-
sociation. Our Fish and Game As-
sociation appears to be in a political
squeeze. Not only in the choice of
a commissioner, due to the retire-
ment of George Buckman, but in
the Department itself being broken
up and put into new departments.

The last legislature enacted sev-
eral measures that will have an ef-
fect on our department. They were
as follows: Chap. 491 P. L. creates
a department of Natural Resources,
to be headed by a Commissioner ap-
pointed by the Governor, consisting
of: The Department of Inland Fish-
eries and Game; Sea and Shore
Fisheries and Forestry; The Maine
Forest Authority; Parks and Recre-
ation; The Maine Mining Bureau.

Chap. 496 P. L. Creates a De-
partment of Public Safety, to be
headed by the Chief of State Police,
consisting of Enforcement Division
of State Liquor Commission; Ward-
en Service of Inland Fish and
Game; Coastal Wardens of the De-
partment of Sea and Shore Fisher-
ies; State Representatives and em-
ployees of the Vehicle Equipment
Safety Commission; Division of
State Fire Prevention of the De-
partment of Insurance; and the Po-
lice Academy of Maine.

All laws passed by the 105th Leg-
islature became effective on Sept.
3.

However, these laws have not

been completely settled. Hearings
will be held before the next special
session this winter, to discuss these
matters. It is up to us as sports-
men to appear at these meetings and
make known our feelings. We did
this with the Gun Control law. Per-
haps we can do it now and keep our
Fish and Game Department as it is
— self supporting and efficient.

The State Planning Office reval-
ued Sept. 16 that the Wardens will be
transferred to the Department of
Public Safety, under reorganization.
If we should lose our wardens, the
department would lose dedicated men
that have been trained to do this
job.

There seems to be one subject
that was not made clear in the
preceding paragraph.
You all know that the Fish and
Game Department is a self-support-
ing department, as it has been for
several years. It receives no money
from the Legislature. They forgot

to mention if this money will be
kept in this department and left in-
tact as at the present time, or will
it go into the General Fund and be
used for other departments men-
tioned in Chap. 496 P. L. under Public
Safety?

The Mt. Abram Fish and Game
Club will meet Oct. 21 at the Locke
Mills Town Hall. Come to this meet-
ing. We hope to have more infor-
mation on this matter, at that time.

by saying, "I enjoy doing kindnes-
ses for those who are in need, es-
pecially the elderly (as I attended
my mother during her lingering ill-
ness) and I have a deep devotion
to children who do not have the
privileges or advantages for a hap-
py healthy life. I really enjoy life
and like to have "fun" in all that I
do."

been completely settled. Hearings
will be held before the next special
session this winter, to discuss these
matters. It is up to us as sports-
men to appear at these meetings and
make known our feelings. We did
this with the Gun Control law. Per-
haps we can do it now and keep our
Fish and Game Department as it is
— self supporting and efficient.

The State Planning Office reval-
ued Sept. 16 that the Wardens will be
transferred to the Department of
Public Safety, under reorganization.
If we should lose our wardens, the
department would lose dedicated men
that have been trained to do this
job.

There seems to be one subject
that was not made clear in the
preceding paragraph.
You all know that the Fish and
Game Department is a self-support-
ing department, as it has been for
several years. It receives no money
from the Legislature. They forgot

to mention if this money will be
kept in this department and left in-
tact as at the present time, or will
it go into the General Fund and be
used for other departments men-
tioned in Chap. 496 P. L. under Public
Safety?

The Mt. Abram Fish and Game
Club will meet Oct. 21 at the Locke
Mills Town Hall. Come to this meet-
ing. We hope to have more infor-
mation on this matter, at that time.

COUNCIL COMMENTS

The Telstar football team is still undefeated with another win last Saturday over Hail Dale. The cross-country team also won, defeating both Gorham and Lakes Region.

In another department of the school, Drama Club is getting busy casting for a three-act play to be presented near the beginning of the new year.

The Spanish Club is also very busy making plans to possibly travel to Spain some time this school year. Many of the members will be keeping close watch on their own money hoping they can accumulate enough to go.

Student Council has been busy working with the administration in setting up club priorities for our activity periods. That finishes up my section for this week. — Becky Stowell

Last Thursday morning outing club members: Howard Whitten, Dave Lane, Ann Rolfe, Mike Davis, Roger Buck, Roberta Anderson, Dean Walker, Mark Coffey, Doreen Tibbitts, George Gibson, Eddie Juhl, and Harold Smith met at the Telstar parking lot at 7 a. m. to climb Mount Washington.

When we arrived at the bottom of the mountain the conditions were bad and the top was covered with fog. Our advisors, Mr. and Mrs. Applin suggested that we climb Wild Cat but the group chose to go as far as the fog would allow. We arrived at Tuckerman's Ravine at 10:30, then a small group ventured further a mile from the summit they could go no further.

After we ate lunch at the lodge on bottom, we headed for North Conway to look at sporting gear. However, a vast majority of the group spotted a music shop across the street. Returning on the Hurricane Mountain Road which meets the Evans Notch Road we returned safely with many thanks to our spectacular bus driver, John Applin. — Ann Rolfe

UPTON

— Mrs. Arline Bernier, Correspondent —

Several people, including the Teachers of Dover, Mass., and the Children of Amherst were here during the long week end. The sun shone some on Monday and gave them some hint of the view of the foliage which was at its peak.

Tuesday, Oct. 12, we had a hard frost which killed the remaining flowers and garden growth.

Mr. Jacques of Berlin sold his camp to the Crotons of Errol, N. H.

Glenn Abbott of East Somner was in town Saturday. He still goes to Boston frequently for check-ups and treatment.

The Nelsons of Natick, Mass., were in town during the week end.

Some of the nice things connected with writing this column are the comments (most of them) and the letters I receive. Last week I was pleased to hear from my first grade teacher, Lillian (Matheson) Rose, who lives at 48 Park St., Portsmouth, N. H. She asked about several of the people in the recently published picture of Upton school and expressed a wish to see other old pictures.

GIRL SCOUT TROOP 549

The Troop went on a bike hike to Chapman Brook Reservoir. We left the bank at 1:00 on Oct. 8, 1971. We came to a dirt road, we rode until we came to a clearing, parked our bikes, ate lunch, and thought it best if we hiked the rest of the way. We came to the reservoir and played a few games until Mr. Bailey arrived, and showed us around and explained things.

We hiked back down to our bikes and came back to the bank at 3:00. From now on we will meet on Monday's at the Casco Bank until further notice. — Troop Scribe, Brenda Mills
